

I want to begin this month by thanking our members for all the phone calls, emails and questions regarding our ongoing effort to fight the battle of Rent Control and repealing Costa-Hawkins.

We the People

Three words that, with your calls and testimony, translated into the defeat of AB1506. Your voices were heard!

Thank You

But the fight is not over and we continue to need your attention as we move into 2018. Here are some Top Tips for what and how you need to be involved this year to support our Association and the multi - family industry:

1. Red Alerts – Call, email and respond as requested. This DOES make a difference!
2. Calls to Action – This could be alerting you to an issue or important event where you can make a difference.
3. Contribute to the PAC – This is how we support those elected officials who may be on important committees in Sacramento and local electeds within our territory.
4. Contribute with unrestricted funds to AACSC Funds within this category may be used for postage, creating flyers, letters, sending email, etc.
5. Stay alert – If you hear of something happening, we need to know so call us.
6. Help us with our membership. We know that there are many owners who are not members, yet they are benefitting from all the work being done on their behalf. If you know someone who is not a member, please encourage them to join. We need all the voices and strength working together to fight these threats; i.e., Rent Control, Just Cause Eviction, Jury Trials...
7. Attend our Membership Meetings and bring a friend.
8. Attend AACSC Events – This is a great way to introduce non-members to the benefits that we offer.
9. Educate – AACSC is the best place to learn and grow in the multifamily industry. Offering both classroom courses, National certifications and online classes for those who can't leave the office.
10. ASK US! If there is something we haven't covered, call and let us know you want to be involved, we are always looking for those who want to be included.
